

Sakai Conference

10th Sakai Conference
Boston, Massachusetts
8-10 July 2009

The 10th Annual Sakai Conference will take place in beautiful Boston Massachusetts. In the past, most Sakai Conferences have run from Tuesday-Thursday. We've moved the conference to later in the week to allow for US Independence Day celebrations, although Boston is a great place to spend the 4th of July.

We're also placing one day of project coordination meetings before the conference and one after to allow for a day of work after all the great conversations and presentations that happen during the week.

Session Tracks :
Building Sakai
Deploying Sakai
Using Sakai
Multiple Audiences
Sakai Showcase

The conference hotel will be the Hyatt Cambridge.
